

Customize your Benefits with these Two Affordable Plans!

Plan 1: Enhanced MEC

Administered By: 

All preventative services are covered 100%. Other medical services have a flat copay. Generic prescriptions are covered for a \$10 copay. This plan does not cover any hospitalization or emergency room services. It does cover urgent care services.

Networks:

- ACA qualifying plan for Minimum Essential Coverage (MEC)
- Covers all 63 preventative and wellness services
- Copay only plan. No deductible or out-of-pocket maximum
- Month-to-month coverage
- Premiums are collected pretax

Plan 2: Limited Benefits

Administered By:  

Employees will get a set dollar amount back per service on the Fixed Indemnity medical benefit. The employee would be responsible for the difference. For example, if an employee goes to a doctor's office visit and the overall bill comes to \$300, the insurance company would take \$130 off, meaning the employee would owe out of pocket \$170.

Networks:

- Offers medical, dental, vision, term life and short-term disability benefits
- Unbundled selections. Enrolling in medical coverage is not a requirement to enroll in the other benefit options.
- Medical benefit covers hospitalization and emergency room services
- Week-to-week coverage
- Medical, dental and vision premiums are collected pretax

Major Medical Coverage

Employees may be offered a major medical plan after meeting certain eligibility requirements.

Frequently Asked Questions

Is there a waiting period to enroll?

No, there is no waiting period. There is a processing time of 1-2 business weeks to fully process the enrollment form and get everything set up with the insurance companies.

When will my plan become effective?

Both plans have different timelines. The Enhanced MEC plan becomes effective the 1st day of the following month once the enrollment form has been processed. The Limited Benefits plan becomes effective the following Monday after deductions have started.

Is my enrollment form processed right away?

No. Your form(s) will be processed once you receive your first paycheck.

When will I receive my insurance card?

Both insurance companies will mail out the insurance cards on/around the first week of coverage being effective.

I completed an enrollment form, but why haven't deductions started coming out of my paycheck?

Deductions for the Enhanced MEC plan will not start until your plan has become effective. For example, if your effective date was 8/1/2023, your deductions would start being collected from your August paychecks.

Deductions for the Limited Benefits plan will typically begin on your 2nd or 3rd paycheck depending on how quickly your enrollment form is processed. Each time you have a deduction for this plan, that's giving you coverage for the following Monday-Sunday.

I filled out an enrollment form, but I'm not sure when I'll start working. Do I need to complete a new enrollment form when I start my assignment?

Enrollment and change forms are valid for 60 days. If you receive your first paycheck within 60 days of completing your forms, no additional action would be required. If it has been more than 60 days, you'll need to complete new forms.

How do I cancel my plan?

A change form needs to be completed. Change forms are located on our website www.essghealth.com. You have within your first 30 days of working, during open enrollment, or within 30 days of a qualifying life event occurring to enroll, cancel, or make changes.

What is a qualifying life event (QLE)?

The most common types of qualifying life events are marriage, divorce, birth/adoption of a child, gaining new coverage, or loss of previous insurance.

Employee Only	\$19.96	\$6.17	\$1.67	\$0.60	\$4.20
Employee + 1	\$40.51	\$12.34	\$3.33	\$0.90	-
Employee + Family	\$54.09	\$20.36	\$5.28	\$1.80	-

Premium will be deducted every time you receive a payroll deduction. For weekly payrolls the amount is shown above, for other payroll cycles (every 2 weeks, twice a month, or monthly) the actual amount deducted will be prorated based on the weekly amount above. For example: Bi-weekly – weekly rate multiplied by 52 divided by 26; Semi-monthly – weekly rates multiplied by 52 divided by 24.
